Professional manufacturer of stainless steel pipes

关于我们

ABOUT US

FLK PIPELINE Co., Ltd is located in Wenzhou, Zhejiang, the most famous stainless steel base in China. There is the most complete stainless steel one-stop industrial chain, which also provides us with extremely competitive prerequisites. Our stainless steel seamless tubes and pipes are exported all over the world and used in various industries.

Our factory is equipped with the most advanced manufacturing machinery and equipment, testing equipment and technology to ensure that every product meets the highest standards. We pay attention to quality control, from the selection of raw materials to the packaging of finished products, strict monitoring and testing. In addition, we have a dedicated team of employees who not only have rich experience and expertise, but also work hard to ensure that our products are consistently of excellent quality and delivered in time. We not only care about product quality, but also are committed to sustainable development. We have taken a series of measures to reduce our impact on the environment. We use renewable energy, optimize waste recycling and use environmentally friendly production processes.

富林克管业一贯努力建设创新环境，营造创新氛围，引进竞争机制，增强员工创新意识，不断提高员工创新能力。企业重视信息导向，将新知识高科技应用于产品改造与技术革新，研发能力日益增强，新产品、新工艺层出不穷，企业活力充沛，生机无限。于此同时，创新不仅仅停留在产品层次，因为我们深深懂得产品只是客户需求的一部分，绝不是全部!因此，我们致力于管理制度改革与服务模式更新，规范管理制度，重视项目的每一个环节与细节。从产品研发、设计、生产、销售到服务的整个过程中，富林克人都充满了创新性，并不断追求更富有挑战和创造性的工作。

Fulinke Pipe Industry has always strived to build an innovative environment, create an innovative atmosphere, introduce a competitive mechanism, enhance employees' innovation awareness, and continuously improve employees' innovation capabilities. Enterprises attach great importance to information orientation, apply new knowledge and high technology to product transformation and technological innovation, their research and development capabilities are increasingly enhanced, new products and new processes emerge in an endless stream, and enterprises are full of vitality and unlimited vitality. At the same time, innovation does not only stop at the product level, because we deeply understand that products are only part of customer needs, by no means all! Therefore, we are committed to the reform of management systems and the update of service models, standardize management systems, and pay attention to every aspect of the project. links and details. Throughout the entire process from product development, design, production, sales to service, Fulinke people are full of innovation and constantly pursue more challenging and creative work.
